

GLORY

Retail Cash Automation for Pharmacies

CASH MANAGEMENT SOLUTION FOR EVERY NEED

CASHINFINITY™ is a cash management solution composed of a Front Office recycling solution, a Back Office recycling solution and Cash Management software.

Remote Monitoring Software Suite

Customisable application to manage, monitor and track cash.

Back-Office Solution

Flexible solution to optimise and secure cash handling processes.

Front-Office Recycling Solution

Flexible solution to handle and secure cash at the front line.

These solutions can be used independently or can be combined to have a complete and secure “end-to-end” cash management system.

BACK OFFICE – CONNECTED SOLUTION FOR DM DRUGSTORE CHAIN, GERMANY

“Our aim is to provide retailers with an efficient and stable cash management solution and to support them with a high-quality service both during installation and during ongoing operations. The 1,000th installation of our CI-100 system at Europe’s largest drugstore chain proves that we have succeeded. With dm, we have a strong partner at our side, and we look forward to continuing our cooperation.”

Thomas Rausch,
Sales Director, GLORY Germany

The CI-100 from GLORY’s CASHINFINITY™ series automates cash processing, speeding up cash handling processes in the back office. Cash register handovers at shift changes and end-of-day reconciliation is done at the push of a button.

Streamlining the back office processes help minimise the risk of cash loss and drive cash-in-transit (CIT) costs down for the dm drugstore chain, since cash movement in the dm stores is clearly documented and CIT transportation planned accordingly.

The integrated software suite provides real time insights to the store managers. Software updates and device diagnostics are carried out remotely to maintain maximum uptime. The CASHINFINITY solution provides fuss free and significant relief of the burden of day-to-day tasks.

FRONT OFFICE – CASHIER AUTOMATION FOR FARMACIA GRAN VIA, SPAIN

“The most important benefits were that the cash balancing process was simple and efficient, and also the ability to fully integrate the machine into our pharmacy’s software. That’s why I chose GLORY; they are a company with a wealth of experience in cash management.”

Anna Beltran, Pharmacy owner,
Farmacia Gran Via

The CASHINFINITY CI-10 cash recycling solution removes the need for staff to handle cash at the point of sale. When integrated into your existing POS system the CI-10 securely automates cash handling at the cashiers minimising the risk of errors and shrinkage while enhancing staff productivity and customer service.

Farmacia Gran Via operates 12 hours a day downtown, the long operating hours and location make security an important consideration.

The compact design of the CASHINFINITY CI-10 is the ideal solution in terms of reliability and performance. Deployment is quick and easy, with minimal disruption to the existing pharmacy layout and comprehensive staff training during the installation process.

FRONT OFFICE – SELF PAYMENT FOR TOTALHEALTH PHARMACY, IRELAND

“Installing GLORY’S front-office CI-5 was simple and effective. The customers love having the ability to pay by cash in a safe and secure way. It has benefited the business by reducing time to manually count cash at the end of the day and reducing human error. It’s certainly proved quickly to be a good investment for the business.”

Peter Fox,
Owner & Pharmacist, Totalhealth Pharmacy

Part of the CASHINFINITY solution, the CI-5 small cash recycling system is stylishly designed for easy integration into various store formats, as well as self-checkouts.

Peter Fox Totalhealth Pharmacy operates 9 hours a day, 6 days a week and employs staff over different shift patterns. Shift changes are made easier by automating cash management.

The customer facing configuration of the Red Dot Design award-winning CI-5 is also able to provide better hygiene during transaction, eliminating manual cash handling over the counter and removing the cash burden from staff as they focus on the customer experience.

Featured solutions...

CI-5

Specifically designed for smaller retail environments, CI-5 securely automates banknote and coin payments at the point-of-sale.

CI-10

Compact cash recycling solution, enabling automated cash handling at point-of-sale positions.

CI-100

Fast secure cash processing and storage in the back office.
