

GLORY

CI-50 for front office (with collection cassette)

Cash recycling system

reddot award 2018
winner industrial design

The CI-50 cash recycler, part of our dynamic CASHINFINITY™ solution, removes the need for staff to handle cash at the cash counter. When integrated into your existing POS system the CI-50 securely automates cash handling, minimising the risk of errors and shrinkage, while enhancing staff productivity and customer service.

New Zealand Dollar

The high banknote storage capacity and a certified safe offer greater security for higher volume applications. The addition of the coin unit (CI-10C) integrates coin handling into a single solution which can be adapted to various store formats and sizes.

	CI-50B (banknote recycler)	CI-10C (coin recycler)
