UD-700

Cash deposit module

The UD-700 is a cash deposit module for self-service solutions that automates bulk deposits of all currencies. You can depend on the UD-700 to enable fast, reliable and accurate deposit transactions. A single, removable stacking cassette with two separate compartments holds up to 4,000 banknotes, ensuring generous capacity and secure storage of notes.

Designed for reliability and easy integration, the UD-700 is a high capacity bundle cash deposit module for self-service solutions.

Using a short edge feed, all notes pass through Glory's state-of-the-art bill validation and escrow to ensure any counterfeit or suspicious notes are stored in the capture area. A single, removable stacking cassette with two separate compartments holds up to 4,000 banknotes, ensuring generous capacity and secure storage of notes.

Glory Technology

The UD-700 includes Glory's state of the art bill validator technology to deliver highly reliable security measures and counterfeit aid.
