CI-100X for the back office

Cash recycling system

A large capacity cash recycler, CI-100X accelerates back-office processes in high-volume cash locations. Delivering increased productivity and security for your staff and reducing the risk of cash shrinkage, the CI-100X enables a multitude of flexible operational processes to be implemented, allowing staff to focus on other activities that improve customer experience and drive growth for your business.

As part of the CASHINFINITY™ solution, the CI-100X is a high speed, large capacity cash recycler that meets the demands of retail and gaming organisations.
