CI-300X with Coin Extension Unit for the back office

Cash recycling system

A high speed, large capacity cash recycler CI-300X combined with the Coin Extension Unit further increases coin storage capacity for high-volume cash locations. Delivering increased productivity and security for your staff and reducing the risk of cash shrinkage, the Coin Extension Unit enables a multitude of flexible operational processes to be implemented, allowing staff to focus on other activities that improve customer experience and drive growth for your business

reddot winner 2024

The Coin Extension Unit doubles the coin storage capacity of CI-100CX, within a small footprint. Coins can be replenished to the stackers directly by a CIT and automatically transferred to CI-100CX.
