CI-50B/CI-10CX for back office

Cash recycling system

reddot award 2018
winner industrial design

Combining both a banknote and coin recycler, the CI-50B / CI-10CX accelerates back office cash processes in locations where a compact cash automation solution is required. Delivering increased productivity and reducing the risk of cash shrinkage, CI-50B / CI-10CX allows your staff to focus on higher value activities that improve customer experience and drive growth for your business.

Euro

As part of the CASHINFINITY™ solution, CI-50B / CI-10CX offers an optimal balance between a footprint and cash recycling capacity, meeting the demands of small retail and gaming organisations.
