## PWC-10

Rolled coin dispenser

The PWC-10 compact rolled coin dispenser provides bank branches with a fast, efficient and secure source of coins to ensure they are always able to provide funds to customers when they need it. It reduces the time that your tellers need to spend on preparing coin which means they can focus on higher-value customer service and operational tasks that increase sales and long-term growth.

## The PWC-10 ensures secure storage and efficient dispensing of coin rolls in the branch. It is designed to be used in any location where large volumes of coins are required.

### PWC-10 delivers multiple user benefits wherever there is a requirement to handle bulk coin

For bank branches, PWC-10 can play a pivotal role in the provision of coin funds to merchants. When visiting the branch to obtain coin funds, merchants want to be able to collect their coin quickly so they can return to their business operations. PWC-10 can be deployed at a dedicated merchant counter to provide rolled coin to business customers and therefore contributing to a reduction in waiting times and the provision of a better and more efficient service to both personal and business customer alike.

- Fast coin roll delivery when and where it's required .
- Provides tellers with a source of coin change funds, to ensure they are always able to provide change to customers.
- Reduces the time tellers need to spend on preparing coin, and frees their time for more value-added activities.
- Can help reduce queue waiting times in the branch, as coin is already prepared for customers.
