The Queuing App

Teller Cash Recycler application to eliminate temporary logins

GLORY's Queuing App increases device utilisation and improves staff performance while eliminating the need for temporary logins. Multiple tellers can share one device thus allowing an open-plan branch transformation. The Queuing App is complimentary for customers using the Vertera™ 6G and CashInsight™ Assure teller application.

Optimises device utilisation while improving efficiency and staff performance.

<p>Eliminates step-in process and/or a 3rd workstation while improving device and staff performance</p> <p>Tellers can create a transaction on their computer while releasing it on the device on demand. It removes the need for temporary logins hence saving time and improving device and staff performance.</p>
<p>Improves device utilisation</p> <p>The app allows seamless processing as transactions can be queued on one device and be shared among the branch staff thus enabling optimal device utilisation.</p>
<p>Increases device flexibility</p> <p>The app allows the allocation of multiple denominations and currencies on the teller cash recyclers across the branch, thus allowing a wide range of currencies/denominations to be provided to meet varying customer needs.</p>
<p>Supports open-plan branch transformation</p> <p>The teller cash recyclers are for shared use among branch staff therefore devices are no longer tied to one specific teller; transactions can be released on a device by simply entering a PIN.</p>
<p>Enhances staff performance</p> <p>The Queuing App improves transaction processes while freeing-up time to improve customer relationships and increase cross-selling opportunities.</p>
<p>The Queuing App is complimentary</p> <p>This featured application is a free service to our customers who use Vertera 6G and CashInsight Assure.</p>
