TellerConcierge™

Multi-segment in-branch transaction solution

TellerConcierge is a compelling solution for teller-line replacement, automating almost any banking transaction; including the advanced requirements from the small to mid-sized business segment, which are not possible to serve on most ATM channels. Addressing the challenges of managing a branch and cash with limited resources, TellerConcierge allows Financial Institutions to progress with cost-effective branch expansion strategies.

Multi-segment in-branch transaction solution

TYPE A
