## MultiMech™ Secure

Multi denomination dispenser

Offering unrivalled security and protection of cash during replenishment due to key locked cassettes, the MultiMech Secure ensures your customers can rely on you to provide secure solutions regardless of location. Delivering the highest levels of uptime and reliability, the MultiMech Secure confidently manages and dispenses worldwide currencies wherever your customers deploy your solutions.

# Its robust design and ease of integration make the MultiMech Secure ideal for almost any dispensing or PayIn/PayOut application.

## Secure Cassettes

The MultiMech Secure offers cassettes which can only be opened with the supplied key, allowing for units to be installed in unmanned and remote locations. Additionally, your customer is provided with unrivalled security and protection of cash during CIT and replenishment.

## Unique Glory Technology

Intelligent Double Detection, IDD™, provides unbeatable detection of doubles even when notes are severely degraded. This increases the transaction performance and operational efficiency your customers require. No mechanical adjustments are required – IDD is ready to use straight out of the box.

The MultiMech Secure is designed in accordance with the recommendations of leading International Standards Organisations such as RoHS, UL, CE and UKCA to allow for final approval when installed in complete systems.

<b>Speed range</b>	5 notes per second
<b>Document size range</b>	Width: 60 – 82 mm Length: 110 – 180 mm Thickness: 0.06 – 0.18 mm
<b>Maximum transaction size</b>	50 ATM fit notes delivered note by note (spray dispense)
<b>Capacity</b>	Upper: 150 mm or 1300 banknotes Lower: 192 mm or 1700 banknotes Reject vault: 50 banknotes
<b>Connectivity</b>	RS232C or USB connection as standard Same communications protocol as NMD050 allowing for plug and play compatibility
<b>SNR enabled</b>	Serial Number Recognition is available as an embedded function or upgrade which can be enabled
<b>SNR accuracy</b>	Higher than 98%
<b>Power supply</b>	Operates from DC-only supply requiring: 24V ±10% Max load current 3.5A *Glory can recommend quality suppliers or UL/CE approved PSU's
<b>Operating environment</b>	Temperature: 10 – 50°C, 50 – 122°F Relative humidity: 10 – 85% non-condensing *operating time above 45 degrees should be limited to less than 10% of product life
<b>Dimensions (H x W x D)</b>	318 x 259 x 320 mm
<b>Weight (without notes)</b>	Without note cassette: 8.5 kg/18.7 lbs With note cassettes: 15 kg/33.07 lbs
<b>Manufacturing standards and approvals</b>	Designed in accordance with RoHS, UL, CE and UKCA

\*Based on new issue banknotes, circulated notes will reduce capacity. The performance of polymer notes may reduce at extreme temperature and humidity combinations. Specifications are subject to change without notice. Please read the instruction manual carefully to ensure correct equipment usage. All figures, capacities and speeds quoted in this brochure are as tested by Glory Global Solutions (International) Limited. They may vary depending on usage conditions and are not guaranteed.
