

GLORY

Advisory Services

Professional Services

Glory Advisory Services can deliver valuable peer benchmarking and gap analysis through our market leading customer experiences, perspectives and data driven customer engagements.

Advisory Services

Value Capture

Glory can help you model where your organisation has been, your current business design and perhaps most importantly, your path for confidently moving forward.

Operational Design

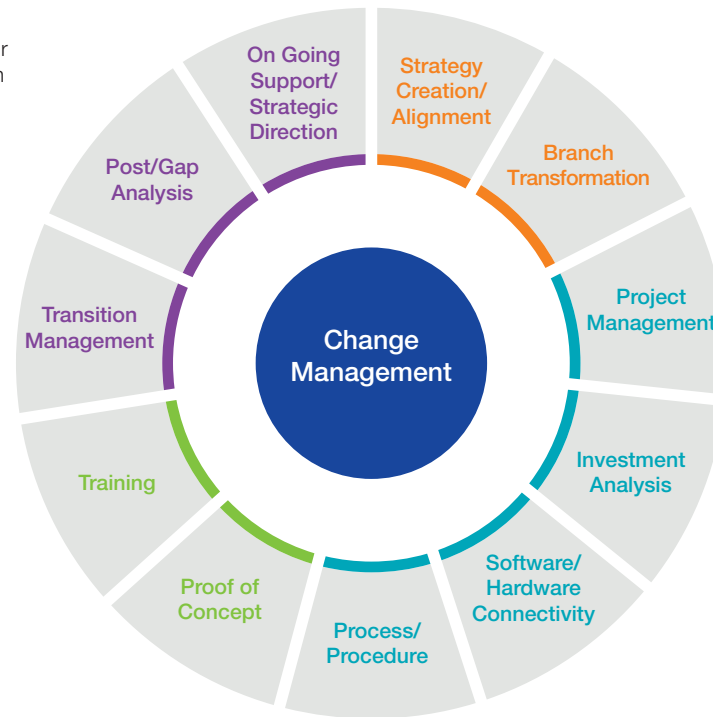

Design and integrate forward thinking policies and procedures to fully align your business operations.

Change Management

With our change management engagements, we will provide support and expertise across our spectrum of professional services offerings. Know that we will stay with you throughout the entire process.

■ Strategy
 ■ Development
 ■ Activation
 ■ Support

Your Glory representative will work with you and your business to determine which offerings are appropriate for your specific needs.

As the global industry leader in cash automation, Glory has developed four pillars of value enhancing professional services with the needs of our customers in mind. With these professional services, Glory can help your business quickly and efficiently achieve the full value of your cash automation initiatives.

Glory will meet your challenges and exceed expectations using our four pillar approach:

Project Management Services
Manage projects to achieve the desired goals of your organisation.

Advisory Services
Obtain the research analytics, best practices, technology strategies and more to ensure the best experience.

Technology – Software Solutions
Deploy software effectively to ensure that you maximise your technology investment.

Training
Train your employees with professionals to make the installation run smoothly and to get immediate post installation support.

Discover how your company can benefit from Glory Advisory services.
