

CI-5

Small cash recycling system

reddot design award
winner 2019

The CI-5 small cash recycling solution removes the need for staff to handle cash at the point-of-sale. Specifically designed for smaller retail environments, when integrated into your existing POS system, the CI-5 securely automates cash handling at payment positions minimizing the risk of errors and shrinkage while, enhancing staff productivity and customer service.

US Dollar

As part of our CASHINFINITY™ solution, the CI-5 small cash recycling system is stylishly designed for easy integration into various store formats, as well as self-checkouts.
