

GLORY

GLR-100 series

High-capacity Teller Cash Recycler

GLR-100 is a high-capacity banknote recycler that supports customer transactions as well as bulk merchant note deposits. High-speed loading with continuous banknote feeding, combined with authentication, sorting and storage of notes in high-capacity cassettes, enables rapid transfer to the back-office. CIT collections are streamlined and pick-ups can be minimized, as in-branch note recycling reduces cash inventory and CIT costs.

GLR-100 enables you to deliver a new branch experience by increasing cash processing efficiency, so more time can be dedicated to interacting with customers.

GLR-100 is the ideal cash handling solution for financial institutions as it enables them to implement cash automation into their existing branches, while also offering the flexibility to deploy to future branch environments (for example, moving from traditional teller lines to open branch concepts or other customer interaction models). This deployment flexibility drives higher customer service levels for both routine teller and bulk merchant transactions. Recycling banknotes in the branch can significantly reduce operating costs.

- Supports bulk commercial and merchant deposits and reduces queuing time.
- Authenticated notes can be reused in the branch to reduce cash inventory and CIT visits.
- Increased branch efficiency, improved customer satisfaction and reduced cash handling costs.

Dimensions (W x D x H)	16.5" x 41.1" (22.8") x 34.1" (27.2") (Proportion under counter/desk) (Optional plinth adds 5.7" to height)
Safe	UL-291 24-hour (Level 1)
Weight	837.7 lbs
Cassette capacity¹	1-bin cassette 2,200-2,700 notes 2-bin cassette 850-1,050 / 600-750 notes Count reject pocket 50 notes STC (option) same capacity as 1-bin cassette Total recycling capacity 11,700 notes
Speed/capacity	Deposit: 12 nps, 300 note capacity with continuous feed Dispense: 12 nps, 200 note capacity
Intelligent storage module (ISM)	300 note capacity
Lock	Several electronic locks available
Security	Heat, Vibration, Door Sensors Duress Dispense/Silent Alarm Configurable
Power supply	AC100 – 240V, 50/60Hz
Noise level	70 db ²
Operator interface	7" LCD Touchscreen with Interactive Guidance
Communication	LAN

¹Dependent on banknote quality. Capacities are for reference only and are not guaranteed.

²Increased noise level when Secure Transfer Cassette is in use.

Specifications are subject to change without notice. Please read the instruction manual carefully to ensure correct equipment usage. All figures, capacities and speeds quoted in this brochure are as tested by GLORY LTD. They may vary depending on usage conditions and are not guaranteed.
