

GLORY

GLR-100 series with STC

High-capacity Teller Cash Recycler

GLR-100 streamlines cash handling in the branch with high-speed transactions, accurate inventory management and reliable transfer of notes using Secure Transfer Cassette (STC). Efficient cash handling by the GLR allows for more interaction between customers and staff which leads to a greater overall branch experience.

GLR-100 enables you to deliver a new branch experience by increasing cash processing efficiency, so more time can be dedicated to interacting with customers.

Advanced Inventory Management

- GLR-100 utilizes serial number recognition to ensure the contents of each cassette and verify note movements within the device.

Self-Audit Capability

- Internal audit of the full device or individual cassettes using the Secure Transfer Cassette (STC) allows for hands-free inventory verification with no cash exposure.

Zero Cash Exposure

- Loading and unloading of cash from the GLR-100 using the STC decreases cash exposure risks and simplifies inventory management tasks, all without having to access the safe.

Speed and Volume

- Continuous deposit allows for large volumes of notes to be deposited quickly, at a speed of 12 notes per second.

Coin Detection

- GLR-100's coin detection system will immediately stop accepting notes and alert the operator if a coin is detected in the input pocket, safeguarding against potential damage to machine components.

Interactive Guidance

- 7" touchscreen provides animated self-guided recovery steps to the operator which will increase machine uptime.

The GLR-100 is available in Standard capacity or High capacity models.

Standard capacity (LS)

High capacity (HS)

Output Shutter
(option for HS model)

| | | |
|---|--|---|
| Dimensions (W x D x H) | Standard capacity | 16.5" x 44.3" (22.8") x 34.1" (27.2") (Proportion under counter/desk) |
| | High capacity | Optional plinth adds 5.7" to height 16.5" x 44.3" (22.8") x 39.8" (32.9") (Proportion under counter/desk) |
| Safe | UL-291 24-hour (Level 1) | |
| Weight | Standard capacity | 903.9 lbs |
| | High capacity | 1,014.1 lbs |
| Cassette capacity¹ | 1-bin cassette | 2,200-2,700 notes |
| | 2-bin cassette | 850-1,050/600-750 notes |
| | STC | same capacity as 1 bin cassette |
| | Total recycling capacity | 11,700 notes |
| Speed/capacity | Deposit: | 12 nps, 300 note capacity with continuous feed |
| | Dispense: | 12 nps, 200 note capacity |
| Intelligent storage module (ISM) | 300 note capacity | |
| Lock | Several electronic locks available | |
| Security | Heat, Vibration, Door Sensors Duress Dispense/Silent Alarm Configurable | |
| Power supply | AC 100-240V, 50/60 Hz | |
| Noise level | 70 db ² | |
| Operator interface | 7" LCD Touchscreen with Interactive Guidance | |
| Communication | LAN | |

¹Dependent on banknote quality. Capacities are for reference only and are not guaranteed.

²Increased noise level when Secure Transfer Cassette is in use.

Specifications are subject to change without notice. Please read the instruction manual carefully to ensure correct equipment usage. All figures, capacities and speeds quoted in this brochure are as tested by GLORY LTD. They may vary depending on usage conditions and are not guaranteed.
