

# CI-300BX for back office

Cash recycling system

The CI-300BX is Glory's large capacity cash recycler for retail and gaming markets. This large capacity model enables customers to reduce CIT pick-ups and replenishment operations for change funds. CI-300BX also provides a flexible and scalable solution that can adapt to varying customer environments and cash handling demands.

US Dollar

As part of the CASHINFINITY™ solution, the CI-300BX is a high speed, large capacity banknote recycler that meets the demands of large retail and gaming organizations. As an option, CI-300BX can accept collection cassettes from CI-10BX, meaning no need for manual intervention when handling banknotes.
