

# CI-300X for back office

Cash recycling system

The CI-300X is Glory's large capacity cash recycler for retail and gaming markets. This large capacity model enables customers to reduce CIT pick-ups and replenishment operations for change funds. CI-300X also provides a flexible and scalable solution that can adapt to varying customer environments and cash handling demands.

US Dollar

As part of the CASHINFINITY™ solution, the CI-300X is a high speed, large capacity banknote and coin recycler that meets the demands of large retail and gaming organizations. As an option, CI-300X can accept collection cassettes from CI-10X, meaning no need for manual intervention when handling banknotes and coins.
