

GLORY

CI-500X for the back office

Cash recycling system

The CI-500X is Glory's highest capacity cash recycler for retail and gaming markets. This high capacity model enables a customers to reduce CIT pick-ups and replenishment operations for change funds. CI-500X also provides a flexible and scalable solution that can adapt to varying customer environments and cash handling demands.

US Dollar

As part of the CASHINFINITY™ solution, the CI-500X is a high-speed, extra-large capacity cash recycler that meets the demands of retail and gaming markets. As an option, CI-500X can accept collection cassettes from CI-10X, meaning no need for manual intervention when handling banknotes and coins.
