RBG-100

Teller cash recycler

Whether you're looking to transform your branches or simply improve efficiency for increased profitability, the RBG-100 will support your strategy. Enabling open plan layouts, reduced start / end of day processes, faster teller transactions, redeployment of staff and enhanced customer experience – the RBG-100 delivers.

RBG-100 teller cash recyclers deliver an intuitive, secure, flexible and integrated teller automation solution to address the real needs of your customers and staff.

To meet the challenges and gain the competitive edge in today's business environment, successful financial institutions require efficient and proven teller recycling solutions. That means choosing a business partner that provides the latest technology innovations, industry expertise and award winning customer service.

Glory's RBG-100 cash management solution is a high performance, cassette-based teller cash recycler, specifically designed to support the Canadian market. The RBG-100 meets a wide range of requirements for secure and efficient cash management.

Large banknote capacity

The RBG-100 provides a note capacity of 11,300 that includes approximately a 8,900 recyclable banknote capacity and a secure collection cassette for up to 2,400 notes.

Continuous processing with large hopper

A 300 note feed hopper provides fast processing of large banknote deposits without interruptions and more opportunities for customer engagement.

Tamper proof cassette

Tamper proof cassettes are secure and can be easily configured by denomination. The collection cassette stores non-recyclable notes for more efficient operation.

Enhanced security

The UL-291 24 hour safe allows for overnight storage of cash inventory. There is no need to remove cash to an external vault at the end of business hours.

Polymer Note Handling

The RBG-100 efficiently handles polymer notes with enhanced authentication capabilities and note orientation and stacking control intelligence.

Dimensions (H x W x D)	With operation monitor: 907 mm x 420 mm x 1012 mm Under counter: 675 mm x 420 mm x 1012 mm
Weight	360 kg maximum
Capacity (entrance/exit)	Deposit hopper: 300 notes Dispense pocket: 150 notes
