## InstaChange™ (OEM)

Automatic coin dispenser

Proving that coin dispensing technology can be reliable and intelligent at the same time, InstaChange (OEM) has an advanced design that delivers an increase in coin capacity of up to 30% compared to other dispensers. Its clever coin dispense patterns ensure long running hours and increased reliability.

# A dynamic and innovative automatic coin dispenser that delivers industry-leading coin capacity and ensures long running hours.

## Revolutionary universal design

An innovative design keeps moving parts to a minimum, resulting in a lower cost of ownership and increased reliability. The patented and unique coin cassette shape provides greater coin capacity allowing InstaChange (OEM) to run for longer.

## Intelligent functionality

InstaChange (OEM) automatically dispenses the right amount of change back to your customer and, unless you tell it otherwise, will always dispense the least amount of coin required. If selected, InstaChange (OEM) will intelligently substitute for low channels, further extending availability.

## Ease of use

The coin cassette's tear drop design makes for easy transport, storage and placement. InstaChange (OEM) can be positioned in any direction to ensure the coin cup is within easy reach. When InstaChange (OEM) does require refilling, loose coins are easily loaded into the cassette.

The InstaChange (OEM) is designed to comply with leading International Standards such as RoHS, UL and CE to allow for final approval when installed in complete systems.
