RBW-100

Compact cash recycling machine

Minimising the risk of cash shrinkage, theft and fraud is key to optimising the cash cycle. The Glory RBW-100 banknote recycling system controls cash in real-time and removes the need for manual note handling which assures a highly secure and efficient solution.

A secure closed cash handling system that confidently delivers efficiencies for cash withdrawals and deposits by recycling notes and managing excess into a secure collection cassette.

The compact cash recycling machine RBW-100 is stylishly designed with straight lines, it can be easily integrated into self checkouts and payment KIOSK. A "Follow me" LED sign assists the customer to operate the machine independently and comfortably.

Stylish design and "Follow me" LED sign

Easy integration into cash desks and self-checkouts and intuitive operation for any customer.

Exit shutter

Avoids handing over partial change to a customer in the event of an incomplete dispense due to jamming / inventory issues.

Error recovery animation

If an error occurs, the POS screen can show a troubleshooting animation to resolve the problem.
