Realize Cash-Automation Benefits Across Your Branch With Glory

When picking a Teller Cash Recycler, trust Glory to provide a solution customized to your needs.

GLR Series

Glory's newest TCR, the GLR-100, improves the cash-automation processes while freeing your people from mundane tasks to focus on the human aspects of the customer experience.

- Advanced inventory management
- Self-audit capability
- Zero cash exposure
- Coin detection
- Speed and volume
- Interactive guidance

Allow customers/members to bypass the teller line and perform transactions on their own.

TellerConcierge from Glory is a self-service 'integrated kiosk' that provides flexibility and easy integration, and frees tellers to focus on the human aspects of the customer experience.

- Bulk and automated service for notes and coins
- Bill payments with the ability to provide change
- Suitable for any branch, for both personal and merchant customers
